The Half-Life series is one of the greatest games ever created. I am a huge long time fan and Portal 2 is one of my favorite Valve games. I know many players are having issues getting to the game and want to make sure they have a good place to start.

For the next 7 days this is going to be an ongoing bonus event that will last until Tuesday morning. As this is a one time event the bonus does not affect rankings:

Today you will get a random **7 day Half-Life: Alyx guaranteed** access code to download Half-Life: Alyx on PS4 or Xbox One to start playing immediately without any issues. During the duration of the bonus event you are not locked to your account, there will be no additional offer codes to claim.

FEATURES: • Metascore: 77/100 Here's a game that happens to be a bit of a beauty, now you're

---

in it. You've just been visiting several old boys at a bar and they've been telling you some ghost stories. It's pouring down outside, late at night, and they've been doing a pretty respectable job of scaring the pants off you. You get out to your hotel and, to your surprise, the rain has stopped and a man is standing out there in a hoodie, smoking a cigarette. He invites you in to his place and it turns out that he's a mortician. Not only that, but he's got four dead clients he wants to talk to you about. Each one was a pretty horrifying death, so he's obviously got a good deal of sad stories to tell. You get to pick the play-style. With any decision made, you can't go back and change it, you're on your own. When it's time to go back out into the rain, you'll have to make tough decisions. The stories are an intriguing blend of pathologic and macabre. From the original 1977 version of THE HOUSE OF THE DEAD, this brand new release is full of polished HD graphics, thoughtful soundtrack and new puzzles and gameplay to match. ## **What's new:**

**The Weird West Sound is a British dub and atmospheric pop sound from the mid-1990s to the early 2000s. It was made famous by acts such as: Aphex Twin, Autechre, Cramm, Infected Mushroom, Gun, Klink, Halfway to Crystal Palace, Various Artists, Moor Mother, Fischerspooner, Lightspeed Champion, Romanthony, Muph & Plutonic Pression, Union Jack, RJD2, A Guy Called Gerald, Boddika, EL-P, Autechre. Western and Irish influences had been dominant in underground music since the birth of dub, soundsystems, however British pop and UK Garage were the most widely played sounds at the time. The addition of something new, that was slightly more surreal, dark and spiritual than the bubblegum dance music that dominated at the time, was less frowned upon and became more and more popular. As well as local acts, such as Aphex Twin, (whose adopted English moniker given to him by Robbie Williams, didn't really take off, the Weird West Sound got popular in Europe thanks to the trance movement which was rising in popularity in the late '90s, as well as folk music, that was very popular in Europe at the time. Numanism, acid house and gothic dance were the most popular forms of dance music at the time, which allowed the Weird West Sound movement to happen. This sound was made most prominent on Planet E, first playing Rough Trade Records, then an imprint of Ministry of Sound called Leftroom which was owned by Gilles Peterson. Gilles Peterson also developed the brand Defected which was the label who released Aphex Twin's Selected Ambient Works Volume 1. Planet E had a great deal of success, including; releases by Various Artist, Fever Ray, Fischerspooner, Half Moon Run, The Dodos, Public Image Ltd, Caravan, Autechre, Depeche Mode, Underworld, Deeperman, Chicks on Speed, Peace Division, Ruby Blue, Darin Epsilon, EL-P (as The Rhyme Syndicate), A Guy Called Gerald, Fever Ray, Fast 8 Dirty, New Young Pony Club and The White Stripes. Planet E also helped start the gospel rap movement with Big Boi. Rough Trade Records Planet E had the blessing of Daniel Miller of Rough Trade Records. Daniel wanted a label that would only stock the finest soundsystem beats and**
