. ... Oh, how sweet - listen to you sing And quietly smile. I need you, like a sunbeam in the darkness of the night. I need you like I do Sun, which shines only me. You are so Beautiful, when you smile and you are silent. I want to listen to you endlessly. You are my dream and my joy and my pain. You are my life, I want to share only with you. You are my world, which I will not give to anyone. You are my Love, which I to nobody will not give it back. You are my happiness, which I tell nobody I won't give it back.
