I want my navbar to be on the left side of the page, however, it refuses to take all the width of the viewport. The right side is somehow working fine, however. It's like the div is not taking all of the left side. If you can use a resize tool, I'd really appreciate that. I've attached some images below. I'm not sure what's wrong with it. I suspect it has something to do with the class I'm using for the main div, which is responsive. Thanks for the help guys! A: The width of the #main div is set to 1125px; your heading text is 1800px; your left white space width is 730px; your arrow width (absolute position) is 20px; your right white space is 600px; so what you have is: + +
